Beschreibung

Site Kit is the official WordPress plugin from Google for insights about how people find and use your site. Site Kit is the one-stop solution to deploy, manage, and get insights from critical Google tools to make the site successful on the web. It provides authoritative, up-to-date insights from multiple Google products directly on the WordPress dashboard for easy access, all for free.

Bringt die besten Google-Dienste zu WordPress

Site Kit includes powerful features that make using these Google products seamless and flexible:

- Easy-to-understand stats directly on your WordPress dashboard
- Offizielle Statistiken verschiedener Google-Werkzeuge, alle in einem Dashboard
- Quick setup for multiple Google tools without having to edit the source code of your site
- Metrics for your entire site and for individual posts
- Easy-to-manage, granular permissions across WordPress and different Google products

Unterstützte Google-Tools

Site Kit shows key metrics and insights from different Google products:

- **Search Console:** Understand how Google Search discovers and displays your pages in Google Search. Track how many people saw your site in Search results, and what query they used to search for your site.
- **Analytics:** Explore how users navigate your site and track goals you've set up for your users to complete.
- **AdSense:** Keep track of how much your site is earning you.
- **PageSpeed Insights:** See how your pages perform compared to other real-world sites. Improve performance with actionable tips from PageSpeed Insights.
- **Tag Manager:** Use Site Kit to easily set up Tag Manager- no code editing required. Then, manage your tags in Tag Manager.
- **Optimize:** Use Site Kit to easily set up Optimize- no code editing required. Then, set up A/B tests in Optimize.
